

## PRITAM SPIRITUAL FOUNDATION, POONCH (Registered Charitable Trust)

# ANNUAL REPORT: 2016-2017

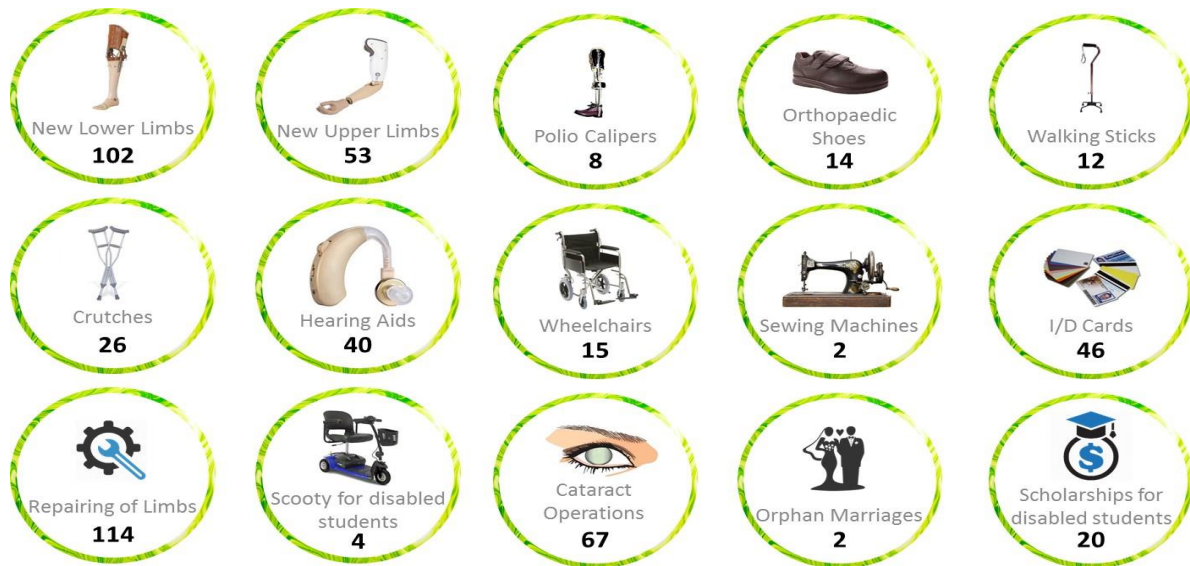

### *Founder's Note*

As I reflected back, I recollect achievements of PSF with satisfaction, and derive immense inspiration to strive more to ameliorate the state of the helpless and needy persons of our society.

It is my strong belief that the collective wisdom, available resources, human effort and the meagre contribution of our members and well wishers need to be incorporated to further progress our mission. However, due to the lack of funding, we had to limit our activities significantly. Increased funding in the coming year will allow us to provide more comprehensive service to a larger number of people with disabilities, who can lead a life of dignity and respect.

The details of the work done and achievements made during the 2016-2017 period in different camps (as per the scheduled calendar), which provided various services and benefits to all members of the community, are described below:

### *Achievements in 2016-2017*

*We would like to extend our gratitude to all members of our community, who have dedicated vast amounts of time and resources to help us fulfil our mission, especially the Civil Administration, the Indian Army, Border Security Force and the War Widow Association (New Delhi) for their unflinching support.*

31<sup>st</sup> March 2017, Prof. Jagbir Singh Sudan (President of Pritam Spiritual Foundation)
