

PRITAM SPIRITUAL FOUNDATION

REGD. CHARITABLE TRUST

POONCH J&K STATE INDIA

ANNUAL REPORT :2017-18 FOUNDER'S NOTE

The missionary zeal of Pritam Spiritual Foundation for more than 28 years tried to reach successfully at every nook and corner of J&K State especially the people of LOC to help its brethren who suffered a lot due to cross Border Firing, Mine blast and the havoc that was created by Militancy. It is my strong belief that the collective wisdom available resources, human efforts and the contribution made by our community members and well wishers need to be incorporated to further progress and to lead our mission. Due to the meagre funding we had to limit our activity significantly. However we wish to provide more comprehensive service to large numbers of person with disability to help them to progress and lead a life of dignity and respect.

The details of the work done and achievement made during the 2017-18 period in different camps (as per the scheduled calendar) which provided various services and benefits to all specially abled of entire J&K state, are described below.
